Your job is to find connections between the book and you, and between the book and the wider world. This means connecting the reading to your own past experiences, to happenings at school or in the community, to stories in the news, to similar events at other times and places, to other people or problems that you are reminded of. You may also see connections between this book and other writings on the same topic, or by the same author. The connections should be meaningful to you in some way. ***Use complete sentences to express your thoughts.***
